SMART CLEAR

NOTE CLEARANCE SYSTEM

MINIMISE INEFFICIENCY • MAXIMISE PROFITABILITY

- Ergonomic slimline trolley

- Easy data import and export via USB

- Easy to use touchscreen

- Configured for multi floor management systems

- Ability to accommodate banks or pokie zoning

- Automatically jumps to next EGM, limiting button presses

EFFICIENT ON-FLOOR CLEARANCE AND COMPLIANCE

The SmartClear Note Clearance System is a competitively priced, highly functional EGM clearance system which seamlessy intergrates into your floor management or back office system for easy capture of expected totals, allowing for effortless on-floor reconcilliation and discrepancy resolution.

Equipped with an ergonomic, slimline trolley the unit will efficiently value count notes while simultaneously off-sorting TITO tickets, simplifying the clearance process and creating a live audit trail.

Clearance data is easily exported via USB back into the floor management system, including Max Gaming, Wildcate and Odyssey, eliminating data entry and key errors while increasing efficiency. Form 40 compliant in QLD.

Accommodates zone/banks ease during clearance.

FEATURES

- Battery powered
- Two pocket Note Sorter
- Multi-denominations and off sort TITO tickets.
- Barcode scanner
- Barcode and report printers
- Supports up to 1000 EGM's
