SMART CLEAR

NOTE & COIN
CLEARANCE SYSTEM

MINIMISE INEFFICIENCY • MAXIMISE PROFITABILITY

- Easy data import and export via USB

- Ergonomic trolley

- Easy to use touchscreen

- Configured for multi -floor management systems

- Accommodates banks or zoning

- Supports up to 4 CRT systems

EFFORTLESS CLEAR NOTE & COIN SIMULTANEOUSLY

Save time and money with the Smartclear Note and Coin Clearance System.

The only fully mobile, battery-operated EGM clearance system in Australia. Designed to quickly and efficiently clear both notes & coins from your EGM's, either seperately or simultaneously. As well as off-sorting TITO tickets on the floor, the system supports 4 CRT Systems, and will clear any combination of hoppers & dropboxes.

Smartclear is competitively priced, highly functional and seamlessy intergrates into your floor management or back office system for easy capture of expected totals, allowing for on-floor reconciliation and discrepancy resolution.

Clearance data is exported back into the Max Gaming, Wildcate or Odyssey floor management system, eliminating data entry and key errors, increasing efficiency. Form 40 compliant in QLD.
